Internship Program Admissions

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:

Mental Health Systems' (MHS) Doctoral Internship Program aims to prepare doctoral interns to become competent in offered evidenced-based intensive outpatient services including group therapy, individual therapy, and assessment. Most of MHS' programming is based in Dialectical Behavior Therapy and is applied with individuals with severe and persistent mental illness (SPMI). After developing a foundation of group DBT skills, doctoral interns are given opportunities to choose from elective training options for the second half of the training year. Example electives include: DBT with adolescents, DBT with clients with intellectual disabilities, cognitive behavior therapy (CBT) skills group, programming for individuals with thought disorders, integrated MI/CD dual disorder programming, or our integrated health programming for individuals with chronic pain. See website and internship brochure for more details about training opportunities. Other desired qualifications include: 1.) Be in good standing with their current academic program. 2.) Demonstrate an active interest in the training opportunities offered by MHS and articulate those interests. 3.) Be willing to take risks and explore their therapeutic process. 4.) Having an accepting attitude towards individuals presenting with Borderline Personality Disorder or other symptoms and disorders that continue to receive negative stigma in the field and society. 5.) Demonstrate a willingness to become an active member of our team. 6.) Are interested in working in a setting that embraces continued growth in cultural competence and evidence-based practices.

Total Direct Contact Intervention Hours	Yes	No	Amount: 500
Total Direct Contact Assessment Hours	Yes	No	Amount: 100

Describe any other required minimum criteria used to screen applicants:

Applicants are required to have passed comprehensive exams and proposed their dissertation prior to the start of internship.
