## Strategies To Increase Adherence To Treatment Recommendations: Effectively working with demoralized populations

**25**  
SEPT

**8:00 AM - 3:30 PM**

### Learning Objectives

- Identify barriers for adherence that reduce the effectiveness of healthcare system interventions
- Identify interventions that can be applied to promote patient adherence
- Identify multiple major factors influencing patient non-adherence
- Identify the financial impact of healthcare non-adherence and potential cost-savings of instituting adherence-based strategies

Maple/Oak Conference Room  
Atria Corporate Building  
3033 Campus Drive  
Plymouth, MN 55441
